COURSEWORK

Data Analytics Bootcamp

2023 • MS SQL Server, Microsoft Excel, Power Bi, Python

Business Analytics With Excel

Simplilearn • 2022 • Power Query, Excel

Python For Data Science

Great Learning Academy • 2023 • Python

EDUCATION

Master In Computer Application

Lovely Professional University • Jalandar, Punjab • 2024

Bachelor of Science(Hons.) Instrumentation

Minor in Electronics • University Of Delhi • Delhi • 2021 • 8.5

CERTIFICATIONS

Data Analytics and Visualization Virtual Experience

Forage • 2023

Project Understanding, Data Cleaning, Modeling Data Visualization and Storytelling.

SQL Certificate(Basic), (Intermediate) and (Advanced)

HackerRank • 2023

.It contain queries include subqueries, join, union, cte etc.

Exploratory Data Analysis With Python and Pandas

Coursera • 2023

Did data analysis tasks such as data cleaning, data exploration, and data visualization using Python and Pandas, it involves identifying patterns and trends in data.
